

## Health Services 12 – Emergency Medical Responder *Application Form*

Application for admission in the EMR program at Sardis Secondary for next school year must be submitted **before Spring Break**. There is a high level of expectation for this program that requires a strong work ethic and good attendance record. Recommended (not all required) prerequisites include:

- Enrolled in grade 12 (grade 11 may be acceptable if other prerequisites are met - must be 16 years of age)
- Students have either Standard First Aid or Health Services 11, and/or have a strong demonstrated interest in a health care profession
- Minimum GPA of 2.5 (C+) and recommended prerequisite of Biology 12 (or taken at the same time)
- Students must take both Health Services 12A – EMR and Health Services 12B – EMR Independent Study Course concurrently to prepare for the written exam. This will only take **one block in your timetable** but is enough work for two full courses!
- This course has limited space (15 per class) and requires an application submitted along with your course registration.
- There is a course fee of \$380.

### **Confidential Health Declaration**

*The EMR program is at times both mentally and physically demanding. You will frequently be kneeling for long periods of time and lifting patients. You may also be exposed to simulated and real life emergency situations. With this in mind, please honestly complete the next question:*

Do you have any issues that may affect your success in the course? (ex. mental health, physical health, learning difficulty, etc.)
